RE: Amendment for Culvert Extension, Co-Op Mining Company, Bear Canyon Mine, ACT/015/025-89B, Folder #2, Emery County, Utah

Synopsis

In a memo dated June 9, 1989, the Division requested a revision to Co-Op Culvert Extension plans. On July 3, 1989, the Division received a revision to Amendment ACT/015/025-89B. This memo reviews this revision.

Analysis

The revisions submitted for the culvert inlet extension are acceptable and will prevent the migration of coal fines from the adjacent hillside into Culvert C-8U's inlet.

Recommendation

A commitment from Co-Op Mining Company be received so that these revisions and the culvert inlet extension be implemented by August 14, 1989.

These plans be distributed to the appropriate agencies.
